To Whom It May Concern,

I'm writing this letter to strongly recommend using CMS Station Brokerage when you're looking at purchasing a radio station. It is because of Roger Rafson, the President of CMS, that I'm self-employed and own a radio station in Grenada, Mississippi. Roger is as thorough as anyone I've ever worked with in the broadcasting industry. He assisted me from the very first time I called him, introduced myself and told him that I was interested in buying a radio station. The whole process lasted over a year for me and I talked with Roger several times a week for the majority of that time as I weighed my options, looked into the specific details, etc... For the record, he's also the fastest person to return a phone call that I've ever worked with. Roger continues to be supportive of me and is always there to answer any questions I may have even though the purchase of my station has now been finalized. I would describe CMS Station Brokerage as a tremendous full-service operation before, during and after the sale... and there's absolutely no doubt that I'm going to utilize the services of Roger Rafson when I purchase additional radio stations in the future. I would be happy to answer any additional questions you may have. You may contact me any time at (662) 809-8307. Thank you and I guarantee you'll have a great experience when working with Roger Rafson and CMS Station Brokerage.

Sincerely,
